Student Participation and Leadership

A Guide for Our Community

Rationale

'Effective student participation must value the contribution that students make, meet genuine needs (i.e. be about real things), have an impact or consequence that extends beyond the participants (i.e. outside the classroom), be challenging to participants, and provide the opportunity for planning, acting and reflecting.' - Roger Holdsworth, University of Melbourne, *Student Councils and Beyond*, 2005

Student leadership is not only about 'formal' leadership programs. Students can be leaders in the classroom, through their actions in the playground, through their support for others, or their involvement in academic, sporting, cultural or local community events or projects. Providing students with authentic leadership opportunities is an important part of their development, allowing them to develop confidence, personal strength, commitment, initiative and responsibility.

At Wamberal Public School we provide opportunities for meaningful student participation and leadership, including student voice and decision making. We do this by:

- valuing and engaging student voice within teaching and learning, school planning, operations and governance.
- involving students in conversations and decisions about what and how they learn.
- developing student participation and leadership skills to support our students' active citizenship.
- providing inclusive student leadership opportunities within the classroom, school and wider community.
- providing opportunities for student participation and leadership that celebrate difference, diversity and recognise, respect and respond to identity and cultural background.
- providing opportunities for all student to actively contribute to the school and their community through mentoring, student service learning and volunteering.

At Wamberal Public School we recognise that every student has the capacity to lead. By providing diverse opportunities within our framework of safe, respectful learners, and with the support of teacher mentors, we enable our students to be self-aware, build positive relationships and actively contribute to the school, the community and the society in which they live.

The directions in this document are a result of consultations with our students, parents and staff and are based on the belief that the whole school community benefits when students, staff and community work together in maximising opportunities for our children to reach their full potential through active participation and leadership.

Student Leadership Opportunities

Wamberal Public School offers a variety of student leadership development programs, opportunities and experiences. Student leadership capacity is developed through various opportunities and programs for all students from Kindergarten to Year 6.

All students in Years 4 and 5 participate in explicit teaching and learning programs to develop their understanding of student leadership capacities and responsibilities.

In Term 4 each year, all Year 4 students undertake a student leadership familiarisation learning program via class based teaching and learning programs.

In Term 2 each year, all Year 5 students participate in student leadership action research projects led by the Stage 3 teachers. The workshops explore in more detail what it means to be a leader, qualities of a good leader and the steps needed to make a change within the school environment. The specific responsibilities and expectations of the School Captain, School Vice Captain and School Leader roles are also outlined.

Participation in any of the student leadership familiarisation programs, opportunities and experiences are not a prerequisite for formal student leadership positions.

SELECTION PROCESS FOR STUDENT LEADERSHIP TEAM (SCHOOL CAPTAIN, VICE CAPTAIN AND STUDENT LEADER)

Year 5 students and parents are informed of Student Leadership Election process from the start of the new school year.

Student Leadership Team positions will be determined by election. There will be two rounds of speech delivery and voting in the election process.

During Round 1, all nominated candidates will deliver their speeches to the Year 5 student body and Stage 3 teachers. The candidates will be short listed by their Year 5 peers and Stage 3 teachers, through the voting process.

The short listed candidates will present their speech to the Year 2- 4 student body and staff.

Round 1 Process for Students

Students/Peers nominate others / themselves for Round 1.

1. Stage 3 teachers and School Executive Team consider each nomination's eligibility, before creating the ballot.
2. Ballot is created and candidates and parents are notified.
3. Candidates design a campaign poster which will be displayed for a week for students to peruse.

The poster needs to contain:

- name in big, bold writing
- a current photograph
- information about:
 - the candidate's contribution to the school and school community;
 - what the candidate believes a student leader does and the responsibilities student leaders have;
 - why students should elect the candidate; and
 - what improvements the candidate could implement at the school for their peers.

4. Candidates will then present an election speech which is not longer than 2 minutes in length to the Year 5 students and Stage 3 teachers. The speech is to focus on the appropriate attributes and qualities the student will bring to the leadership position within the school. No props or PowerPoints will be used. The speech should outline:

- the candidate's beliefs being a student leader;
- why the candidate should be elected as a student leader; and
- what improvements the candidate could implement.

One week before the speech is presented, each candidate must show and provide a photocopy of their speech to the Stage 3 Assistant Principal to ensure it meets the above requirements. The speech cannot be changed after this date.

At no time are the candidates allowed to give bribes to the other students in any year to influence their vote. If the candidates do so they will be disqualified from the elections.

5. Voting will take place on the same day as the speeches. There will be a boy ballot paper and a girl ballot paper with a photo next to the candidate's name. The order of the ballot paper will be determined from drawing a candidate's name out of a hat.

6. Each Year 5 student will vote for 3 girls and 3 boys, by placing the numbers 1 to 3, 1 being their most preferred candidate. Each vote is worth one point. Votes will be counted by the Stage 3 Assistant Principal and Stage 3 teachers. The 8 highest votes for girls and the 8 highest votes for boys will create a short list of 16 candidates for Round 2. Students will be informed of the results within 2 days by the Principal.

Round 2 Process for Students

1. The short listed candidates will be announced to the Year 2 to 5 student body and school community. Their campaign posters will be displayed in the school office and the candidates will visit the Years 2, 3 and 4 classes with their poster.

2. On a selected date, the short listed candidates will deliver their speech to the Year 2 to 5 student body and staff at the Student Leader Election Assembly. This speech will be the same speech they delivered during Round 1.

At no time are the candidates allowed to give bribes to the other students in any year to influence their vote. If the candidates do so they will be disqualified from the elections.

3. Voting will take place on the same day as the speeches. There will be a boy ballot paper and a girl ballot paper with a photo next to the candidate's name. The order of the ballot paper and speeches will be determined from drawing a candidate's name out of a hat.

The Year 2 to 6 student body will vote for 3 girls and 3 boys, by placing the numbers 1 to 3, 1 being their most preferred candidate.

Votes are weighted to each grade with Year 5 students and staff receiving 2 votes and all other students (Years 2, 3, and 4) receiving one vote.

Highest Vote: School Captains, 1 boy and 1 girl

Next Highest Vote: School Vice Captains, 1 boy and 1 girl

Next Highest Votes: School Leaders, 3 boys and 3 girls.

If there is a tie of highest votes for boys or girls, the second preference votes will be counted to determine the student leader/s.
