Privacy Note: The information provided below is being obtained for the purpose of ascertaining relevant medical information, requirements and other health care related needs about the student who is currently enrolled at the school and who may participate in school excursions, sporting activities or other educational or school activities conducted by or in conjunction with Wamberal Public School.

It will be used by officers of the NSW Department of Education to assist planning, to support students, and to minimise risks when conducting school excursions, sporting or other school activities.

Other persons or agencies that may be provided with this information include, but are not limited to, volunteers and members of external organisations who join with the school or are otherwise involved in the planning or delivery of the excursion, sporting or other school activity; and persons that may be called upon to provide health care treatment or other assistance during or as a consequence of such excursions or activities.

Provision of this information is not required by law. However, a failure to provide the information may mean that your child can not participate in a particular excursion or school activity. In such circumstances the school will make available a sound alternative educational experience.

Provision of this information will significantly assist the school in planning a safer educational activity. It will be stored securely. If you have any concerns about provision of this information, please contact the school principal to discuss further.

You may correct any personal information provided at any time by contacting the school office.

Health Care Needs

When a medical practitioner has prescribed medication (including emergency medication) that will need to be administered during the event, parents are responsible for:

- bringing this need to the attention of the school, including completing a written request to administer medication (forms are available on the school website);
- ensuring that the information is updated if it changes;
- supplying the medication and any 'consumables' necessary for its administration in a timely way;
- ensuring the medication is well within its expiry date; and
- collaborating with the school in working out arrangement for the supply and administration of the prescribed medication for the duration of the event.

For some events, the school will ask parents to supply the medication in a different way to what has already been agreed by the school. For example, parents may be asked to supply an additional adrenaline autoinjector (i.e. *EpiPen® /Anapen®*).

For asthma and anaphylaxis it is important for students to have immediate access to their medication. Please consider whether your child should carry their own EpiPen®, Anapen® or asthma reliever medication while at school. Permissions for students to carry their own asthma or anaphylaxis medication can be downloaded from the school website.
