Seesaw Permission Note

Dear parents and carers,

Seesaw is an online tool designed to document student learning and is being trialled in our classes K to 6. Seesaw will provide an opportunity for students to share their classroom learning with family members. Seesaw will also provide an opportunity for the school to send messages and reminders.

Families will only have access to their child's Seesaw journal and all content is stored securely. This means you will see items tagged with your child's name and items that we tag with 'everyone'. Children who do not have photo permission will not be tagged in whole class photos. Parents and carers cannot access any other student's content.

The Seesaw Parent App can be downloaded for iOS, Android or used on the web to view your child's learning. When new work or messages are posted, you will receive a notification to view the item. Work will be posted once a week.

You will receive a family invite with instructions to download and sign up for your child's Seesaw journal once you return the permission note.

Please note: Seesaw is not used as a means of communication with the class teacher. It is a way for you to see what your child is learning at school. If you do have any questions or concerns, please contact the school via email or phone call.

Thank you,
Wamberal Public School
